EDUCATION

Northern Arizona University — *Bachelor's Degree of Computer Science*

Graduation Date August, 2020

Located in Flagstaff, Arizona

Relevant Coursework

Web Programming
Advanced Web Programming
Principles of Database Systems
Software Engineering
Algorithms
Capstone Experience
Differential Equations
Calculus I, II, II

EXPERIENCE

Worked on a team to create a web and mobile application for a client, had to work with different technologies and had to implement heavy documentation and research. Additionally had to attend weekly meetings to discuss problems and progress.

Worked on a small personal project where I created a blog application with basic Login and Register Authentication, ability to create new articles, as well as likes and comments functionality using Javascript, React, Express, Node, and Postgres.

ADDITIONAL INFORMATION

iMATter Mobile Application -

Worked with a team to create and deliver an application for pregnant women in recovery from opioid use. Additionally, helped create an administrator website so that the client could manage the application and add information regularly.

SKILLS

Connecting Web Application to a database and storing data. Including Authentication.

Creating Easy to Use User Interfaces.

Can work with well others.

HTML5, CSS3, and Javascript

React

Firebase and PostgreSQL

NodeJs and Express

Github and Git

LANGUAGES

English - Fluent

Spanish - Fluent
